Re: Letter of Support: Advocate Sherman Hospital Ambulatory Surgery Center Project

Dear Ms. Avery:

On behalf of the residents of the 66th District, I express my full support for Advocate Sherman Hospital's proposal to build an ambulatory surgery center on its Elgin campus.

As healthcare systems and government entities work together to make healthcare more accessible and affordable, Ambulatory Surgery Centers stand out for their ability to offer high quality care in a more convenient, cost effective setting for patients and families.

I urge the Review Board to approve the proposed ASC at Advocate Sherman Hospital.

Sincerely,

Re: Ambulatory Surgery Center at Advocate Sherman Hospital

Dear Ms. Avery:

On behalf of the residents of the 43rd District, I express my support for Advocate Sherman Hospital's proposal to build an ambulatory surgery center on the hospital campus.

Ambulatory surgery centers benefit the community by improving access, quality and service while also reducing costs. Allowing services and procedures to be delivered in an outpatient setting when appropriate benefits all health care consumers. For those who are underserved, it provides an additional access point.

I fully support Sherman's proposed ambulatory surgery center, as it is yet another step towards making health care for accessible and affordable for consumers. I encourage the Review Board to approve this project.

Sincerely,

A handwritten signature in cursive script that reads "Anna Moeller".
