RE: Exemption #: E-002-11 - St. Joseph Hospital

Dear Ms. Curth:

On February 28, 2011, the Chairman of the Illinois Health Facilities and Services Review Board (State Board) approved your request for an exemption for the establishment of a 15 bed neonatal intensive care unit located at St Joseph Hospital, 2900 Lake Shore Drive, Chicago, Illinois. The approval was based upon the application's compliance with applicable provisions of 77 Ill. Adm. Code 1130.531. There is no cost to this project. The project completion date is May 1, 2012.

You are reminded that a final cost report must be submitted to the Agency no later than 60 days following the anticipated project completion date and failure to complete the project by the anticipated project completion date will invalidate the exemption. Failure to provide the required notification shall subject the exemption holder to the sanctions provided under Section 14 of the Illinois Health Facilities Planning Act.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable to this project.

Please contact Mike Constantino at (217) 782-3516 should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Courtney R. Avery".

Courtney R. Avery, Administrator
Illinois Health Facilities and Services Review Board
