  - Amends the AIDS Confidentiality Act, the Genetic Information Privacy Act and the Clinical Laboratory and Blood Bank Act
  - Joint legislative initiative with the Governor's Office of Health Innovation and Transformation
  - Seeks to remove data sharing barriers and harmonize State and federal health privacy laws, in accordance with ILHIE Authority Board and DSPC recommendations

# Alliance for Health Innovation Plan

Laura Zaremba

## Plan objectives:

1. Create comprehensive integrated delivery systems along with payment reforms to support them
2. Ensure additional supports and services for people with specific needs
3. Enhance public health efforts to address environmental and social factors that negatively affect health
4. Ensure an adequate workforce to staff integrated delivery and enhance public health
5. Expand the state's leadership role in promoting continuous improvement in public health and health care systems

## Medicaid Accountable Care Entities (ACE)

ACEs = one strategy to create integrated delivery systems

- Health IT was one of five core sections the ACE solicitation
- ILHIE connectivity will be required of ACE participants
- ILHIE is supporting HFS in defining specific requirements and timelines for connectivity
- ILHIE will continue to work with HFS as the program progresses to ensure that ILHIE resources and services can be leveraged to support ACE success
