Social Security Administration and Health IT

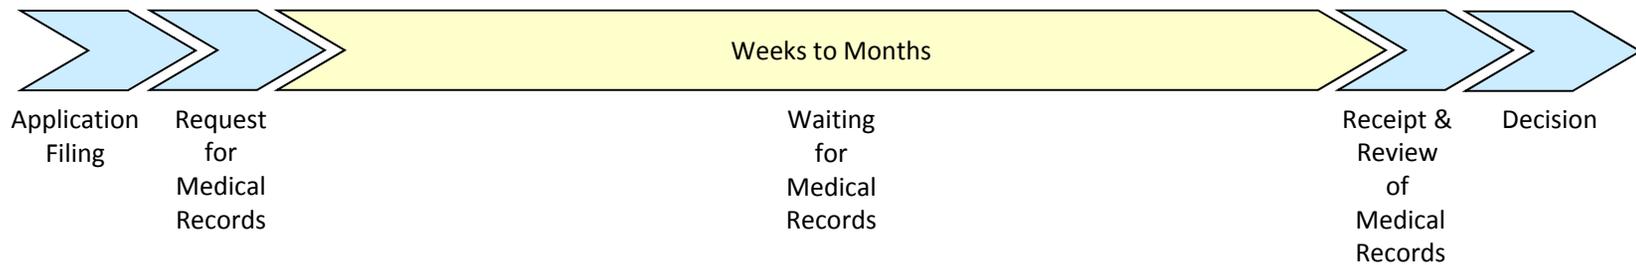

SSA Disability Determination Background

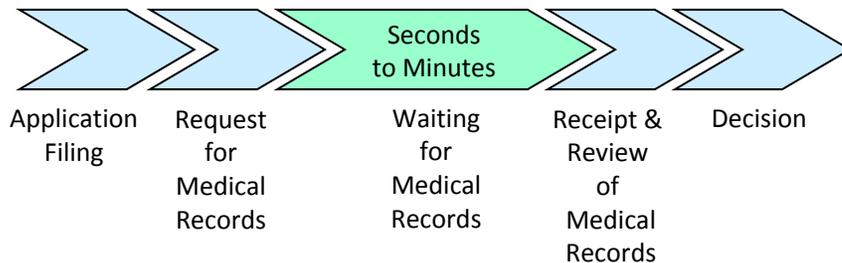

SSA Disability Determination Background

Manual Process (Mail, Fax, Scan)

Electronic Process (eHealth Exchange)

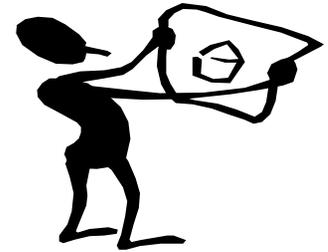

SSA Value Proposition

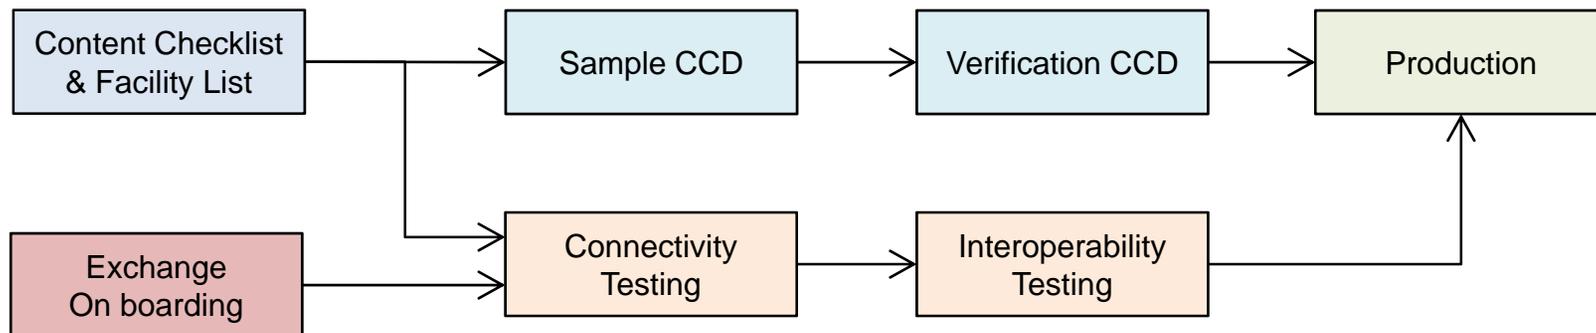

- Potential benefits for your patients
 - Faster disability claim determinations
 - Quicker access to monthly cash benefits
 - Earlier access to medical insurance coverage
- Potential Benefits for Health Care Providers
 - Payment for medical information
 - Automated processing of the request for medical information and payment
 - Potential to recover uncompensated care – faster disability determinations provide patients with faster access to Medicare or Medicaid benefits

High-Level Activity Plan

- Qualification
 - Collect information about your capabilities
- Administration
 - Evaluate your capabilities
- Testing
 - Verify your capabilities

Activity Plan

- eHealth Exchange On-boarding
 - Partner Registration with eHealth Exchange
 - DURSA
 - Partner Certification Stage
 - eHealth Exchange Coordinating Committee Review Stage
 - Partner Initiation Stage
- General Partner Implementation Tasks
 - Content Checklist
 - Facility List
 - Fiscal Information
- Content Testing
 - Sample Testing
 - Verification Testing
- Interoperability Testing
 - Exchange OIDS, Certificates, URLs
 - Connectivity Test
 - End-to-End Interoperability Testing
- Pre-Production
 - SSA Production Preparation
 - Pre-Production Connectivity Test
- Production
 - Go Live

Administrative Tasks

- General Partner Implementation Tasks
 - Content Checklist
 - Sensitive Information
 - Facility List
 - Fiscal Information

Testing Tasks

- Content Testing
 - Sample Testing
 - Verification Testing
- Interoperability Testing
 - Exchange OIDS, Certificates, URLs
 - Connectivity Test
 - End-to-End Interoperability Testing
- Pre-Production
 - SSA Production Preparation
 - Pre-Production Connectivity Test
- Production
 - Go Live

Policy Considerations

- Patient Authorization
 - SSA-827
 - Automated process with post review
- Business Agreements
 - Purpose of Use – “Coverage”
