TRAVEL GUIDE FOR STATE EMPLOYEES

January 1, 2005

Dear State Employee:

The ***Travel Guide for State Employees*** is published by the Governor's Travel Control Board. It is to be used as a resource and informational tool for traveling State of Illinois employees. The guide has been designed to provide employees with the information necessary to make their travels as problem-free, safe, and economical as possible.

The current travel rules for both the Travel Regulation Council and the Governor's Travel Control Board are printed in the guide and are to be followed by all agencies and employees under the jurisdiction of the Governor's Travel Control Board.

The Travel Guide includes the Fiscal Year 2005 Preferred Hotel Listing, information regarding car rental, as well as information on the Diners Club Corporate Card program, travel safety, Amtrak, etc. Also included is information in regard to state-operated garages providing repair and fueling services for state-owned vehicles.

The Governor's Travel Control Board has negotiated a number of discounted agreements with travel vendors. It is important that agencies and employees take advantage of these agreements. Their use will not only help to save the state travel dollars, but will also enhance our ability to receive discounts in the future.

If you have any questions or comments concerning this Travel Guide, please contact the Governor's Travel Control Board at (217) 782-4705, e-mail Kelley_Shaw@cms.state.il.us, or you may write to:

**TRAVEL REGULATION COUNCIL RULES
TEXT OF ADOPTED RULES**

SUBPART A: GENERAL

Section 3000.100 Authority

This Part is promulgated under the authority vested in the Travel Regulation Council by the State Finance Act [30 ILCS 105/12-1].

Section 3000.110 Philosophy

The Travel Regulation Council believes first and foremost that State employees are honest individuals and that claims for reimbursement are made in all good faith. The Council is therefore obliged to deal fairly with agencies and individuals in carrying out its responsibilities.

Section 3000.120 Policy

It is the policy of the State to reimburse employees for reasonable authorized expenses incurred by them in the performance of their duties. The Travel Regulation Council will at least biennially review and revise rates to reflect, as accurately as possible, the actual amounts necessary to reimburse employees. Rates of reimbursement are shown in Appendix A, Reimbursement Schedule.

Section 3000.130 Scope and Interpretation

- a) This Part shall apply to the following:
 - 1) All full and part-time employees of the State regardless of funding source;
 - 2) Public members, whether salaried or unsalaried of State boards, Commissions, and Authorities, advisory or otherwise;
 - 3) Wards and charges of the State.

- b) The following are specifically exempt from this Part:
 - 1) Elected constitutional officers and members of constitutional State Boards;
 - 2) Members of the General Assembly;
 - 3) Judges;
 - 4) The Auditor General;
 - 5) Independent Contractors.

- c) Questions regarding interpretation and application of this Part shall first be addressed to an individual's employing agency. The employing agency may refer the questions to the Travel Control Board holding jurisdiction over the agency. The Travel Regulation Council shall have final interpretation of this Part. The decision of the Council as to the proper interpretation of any such rule shall be final and binding. All covered agencies and employees shall comply with the Council's decision in the absence of a written opinion from the Attorney General or a decision of a court of competent jurisdiction.

Section 3000.140 Definitions

Agency: Any department, board, commission, committee, authority, or institution as defined in the Illinois State Auditing Act [30 ILCS 5/1-7].

Agency Head: The chief executive officer of an agency or a designated representative. Representatives must be authorized by the Agency Head and must be on file with the Office of the Comptroller. Filing of the Signature Authorization Card (SCO-95) shall constitute authorization.

Commuting Expense: The cost of one round trip between residence and headquarters. Cost may include mileage, parking fees, tolls, etc. Mileage cost is determined by multiplying the commuting mileage by the mileage reimbursement rate defined in Appendix A, Reimbursement Schedule.

Commuting Mileage: The actual round trip mileage between residence and headquarters.

Headquarters: The post of duty or station at which official duties require the employee to spend the largest part of working time. Headquarters shall ordinarily be the corporate city limits in which the employee is stationed or may be a designated geographical area. Headquarters shall be designated by the Agency Head in accordance with policies established by the appropriate Travel Control Board.

Travel Control Board: Those Boards created by the State Finance Act [30 ILCS 105/12-1].

Travel Regulation Council: The Travel Regulation Council (TRC or the Council) shall consist of the Chairmen or designee of each of the statutorily created Travel Control Boards.

Travel Status: An employee shall be considered "on travel status" while away from headquarters on authorized State business. Travel status shall begin when an employee leaves headquarters or, if reporting directly to destination, from residence or other location. Travel status shall conclude when an employee returns to headquarters or, if reporting directly from original destination, to residence or other location at the completion of authorized State business.

SUBPART B: TRAVEL CONTROL SYSTEM

Section 3000.200 Travel Control System

Each Travel Control Board shall prescribe a travel control system for the agencies and employees under its jurisdiction.

Section 3000.210 Designation of Headquarters

- a) Section 12-3 of the State Finance Act [30 ILCS 105/12-3], requires that Form TA-2 be completed and filed with the Legislative Audit Commission for any individual whose headquarters has been designated as a location other than that at which official duties require the largest part of working time. The reports shall be filed no later than July 15 for the period from January 1 through June 30 of that year and no later than January 15 for the period July 1 through December 31 of the preceding year. If an agency has more than one facility or institution, the report shall indicate on its face to which facility or institution the data pertain.
- b) Agencies with no officers or employees in the status will file negative reports.
- c) The Travel Control Boards shall prescribe procedures for headquarters designation for Agency Heads under their respective jurisdictions.

Section 3000.220 Expenses at Headquarters or Residence

- a) As a condition of employment, employees expect to incur commuting expenses between their residence and headquarters. These expenses are not reimbursable. Meals, lodging, and per diem are not reimbursable at headquarters or at residence. Expenses associated with State business in excess of commuting expenses are reimbursable at headquarters and/or residence. An employee whose travel does not include travel through headquarters shall be reimbursed for all mileage. An employee whose travel does include travel through headquarters shall be reimbursed for all mileage in excess of commuting mileage. All travel must be by the most direct route.

- b) "Travel through headquarters" is defined as:

Any travel to or through the corporate city limits of the employee's designated headquarters, regardless of whether the employee made a stop at the work site or changed vehicles or modes of transportation.

- c) Examples of reimbursable mileage expenses are as follows:

- 1) Residence/Lincoln -- Headquarters/Springfield. Employee drives from residence in Lincoln to Chicago and returns to residence. Reimbursement is for all mileage because the travel was not to or through headquarters.
- 2) Residence/Lincoln -- Headquarters/Springfield. Employee drives from residence in Lincoln to Collinsville and back to residence. Reimbursement is for all mileage in excess of commuting mileage. The travel, by the most direct route, was through headquarters.
- 3) Residence/Carbondale -- Headquarters/Marion. Employee drives from residence to headquarters. Later, employee drives from headquarters to Anna and back to residence. Reimbursement is for all mileage in excess of commuting mileage.

- 4) Residence/Evanston -- Headquarters/JRTC, Chicago. Employee drives from residence to McCormick Place for an event. After the event, the employee drives to headquarters, then to residence. Reimbursement is for all mileage in excess of commuting mileage because the travel was through headquarters.
- 5) Residence/Chicago -- Headquarters/JRTC, Chicago. Employee normally commutes to work by train. However, in order to attend a meeting at another location, the employee drives from residence to headquarters, then to the meeting location, then returns to headquarters and back to residence. Reimbursement is for all mileage in excess of commuting mileage. The fact that the employee normally rides the train to work has no effect on determining reimbursement.

d) Agencies are responsible for monitoring claims under this Section.

Section 3000.230 Preparation and Submission of Vouchers or Travel Expenses

The Travel Control Boards shall prescribe procedures for the preparation and submission of vouchers for travel expenses for agencies under their respective jurisdictions to comply with the Comptroller's Uniform Statewide Accounting System and shall include the certification required by Section 12 of the State Finance Act [30 ILCS 105/12].

- b) State vehicles may be used when most economical. When applicable, Vehicle Rules (44 Ill. Adm. Code 5040) issued by the Department of Central Management Services shall govern use of State-owned vehicles. Agency rules further defining use of vehicles may also apply. Specific instructions covering service and repairs of these vehicles are to be found in the glove compartment of each vehicle.
- c) Arrangements on airplanes, trains, or boats shall be the least costly reasonably available alternative.
- d) Chartered aircraft, boats, trains, buses, or other such conveyance, shall be used only as a last resort or if proven to be most economical for the circumstances. A full explanation for the use of such transportation must accompany the voucher.

 - 1) Employees using private vehicles while on State business must have insurance coverage in an amount not less than that required by Section 10-101(b) of the Illinois Vehicle Code [625 ILCS 5/10-101(b)]. Prior to such authorization the Agency Head shall require employees to file a statement certifying that they are duly licensed and carry at least the minimum insurance coverage or shall require such certification to be noted on the travel voucher.
 - 2) Reimbursement for use of a private vehicle shall be on a mileage basis and shall be in accordance with the rate promulgated pursuant to 5 U.S.C. 5707(b)(2) and is shown in Appendix A, Reimbursement Schedule. **However, in the event the rate set under federal regulations changes during the course of the State's fiscal year, the effective date of the new rate shall be the July 1 immediately following the change in the federal rate.**

No later amendments or editions shall act to vary this rate.

Section 3000.310 Routing

All travel shall be by the most direct route. Expenses due to deviations for convenience shall be borne by the employee. Distances between destinations shall be as shown on the Illinois Highway Map published by the Secretary of State. Where no mileages are available, odometer readings shall be used. Mileage in and around a city of destination may be claimed as such.

If an exception is not granted by the appropriate Travel Control Board, the employee shall absorb the excess cost. Employees should be prepared to provide identification and proof of State employment to obtain State lodging rates.

Section 3000.420 Conference Lodging

Conference lodging charges or lodging at official meeting hotels when pre-approved by the Agency Head in excess of the maximums allowed in Appendix A, Reimbursement Schedule are considered exceptions to this Part. Section 2800.235 Expenses at Headquarters or Residence

- a) As a condition of employment, employees expect to incur commuting expenses between their residence and headquarters. These expenses are not reimbursable. Expenses associated with State business in excess of commuting expenses are reimbursable at headquarters and/or residence. An employee whose travel does not include travel through headquarters shall be reimbursed for all mileage. An employee whose travel does include travel through headquarters shall be reimbursed for all mileage in excess of commuting mileage. All travel must be by the most direct route.
- b) "Travel through headquarters" is defined as:
Any travel to or through the corporate city limits of the employee's designated headquarters, regardless of whether the employee made a stop at the work site or changed vehicles or modes of transportation.
- c) Examples of reimbursable mileage expenses are as follows:
 - 1) Residence/Lincoln -- Headquarters/Springfield. Employee drives from residence in Lincoln to Chicago and returns to residence. Reimbursement is for all mileage because the travel was not to or through headquarters.
 - 2) Residence/Lincoln -- Headquarters/Springfield. Employee drives from residence in Lincoln to Collinsville and back to residence. Reimbursement is for all mileage in excess of commuting mileage. The travel, by the most direct route, was through headquarters.

- 3) Residence/Carbondale -- Headquarters/Marion. Employee drives from residence to headquarters. Later, employee drives from headquarters to Anna and back to residence. Reimbursement is for all mileage in excess of commuting mileage.
 - 4) Residence/Evanston -- Headquarters/JRTC, Chicago. Employee drives from residence to McCormick Place for an event. After the event, the employee drives to headquarters, then to residence. Reimbursement is for all mileage in excess of commuting mileage because the travel was through headquarters.
 - 5) Residence/Chicago -- Headquarters/JRTC, Chicago. Employee normally commutes to work by train. However, in order to attend a meeting at another location, the employee drives from residence to headquarters, then to the meeting location, then returns to headquarters and back to residence. Reimbursement is for all mileage in excess of commuting mileage. The fact that the employee normally rides the train to work has no effect on determining reimbursement.
- d) Agencies are responsible for monitoring claims under this Section.

Section 2800.240 Preparation and Submission of Travel Vouchers

All claims for the reimbursement of travel expenses shall be submitted on authorized reimbursement forms (Form C-10) and shall be itemized in accordance with this Part.

- a) The purpose of the travel shall be indicated on the travel vouchers.
- b) When applicable, the travel voucher shall show in the space provided the dates and times of travel, the points of departure and destination, the mode of transportation, the cost of the transportation secured, lodging, meals, per diem and other expenses.
- c) If meals or per diem are not claimed, times of arrival and departure are not required.
- d) When a privately owned vehicle is used, the travel voucher shall show, at minimum, commuting mileage (if applicable), the dates, points of travel and mileage. If the distance traveled between any given points is greater than the usual route between these points shown on a road map, the reason for the greater distance shall be explained and detailed separately.
- e) Travel vouchers shall be supported by receipts in all instances for railroad and airplane transportation, lodging, taxis, and all other items in excess, individually, of \$10.00 except for meals.
- f) The travel expense voucher shall be prepared in ink or typewritten. All copies of the voucher shall be signed in ink by the individual who has incurred the expense and his/her supervisor.

Section 2800.250 Approval and Submission of Travel Vouchers

- a) Each voucher shall be first approved by the individual's immediate supervisor, who shall certify that the travel shown was required by official duties.
- b) The voucher shall then be approved by the Agency Head or a designated representative, who shall sign the original of the voucher. The original and one copy of the travel voucher, together with the required receipts and attachments, shall be forwarded to the Comptroller for issuance of the warrant for payment.

Section 2800.260 Items Directly Billed

- a) Agency Heads shall keep billing of travel expenses directly to the State to the least extent possible. The Government Charge Card system specified under Section 2800.230 should be implemented to achieve this.
- b) Employees may not be reimbursed for items billed directly to the State. Such direct billed items shall be indicated on the travel voucher along with all reimbursable items. All columns of travel vouchers are to be totaled and cross-footed. The direct-billed total will then be deducted from the cross-footed total with the balance being the amount to be reimbursed to the employee. In all such cases supporting documentation shall also be attached if available. For transportation expenses billed directly, a copy of the State of Illinois Transportation Request form shall be attached to the invoice voucher (Form C-13). For lodging expenses billed directly, room, tax, hotel parking and business phone calls only shall be accepted. However, charges for business phone calls must be noted as such on the invoice voucher (Form C-13). Charges for phone service in a room which are automatically added to the bill by the hotel may also be direct billed. Any charges in excess of the allowable lodging rate specified in the Reimbursement Schedule (found in the rules of the Travel Regulation Council) or for restaurants, room services, personal telephone calls and other expenses shall be paid by the traveler upon check-out. Such expenses shall not be deducted from the traveler's reimbursement in exchange for direct billing. Meal and incidental expenses shall not be billed directly to the State. Such expenses shall not be in excess of the maximums allowed.

Section 2800.270 Conference Registration Fees

An employee may be reimbursed from the travel line 1290 for conference registration fees of \$50.00 or less on Form C-10 (Travel Voucher). Conference registration fees billed directly to the State are to be paid from Contractual Services. When conference fees include lodging and/or meals and no detailed breakdown is given, the entire amount is to be charged to Contractual Services.

SUBPART C: TRANSPORTATION EXPENSES

Section 2800.300 Incidental Expenses for Private and State Owned Automobiles

- a) Reimbursement for the cost of automobile parking fees and bridge, road and tunnel tolls shall be allowed. The fee for parking an automobile at a common carrier terminal, or other parking area, while the traveler is away from headquarters shall be allowed only to the extent that the fee, plus the allowable mileage reimbursement to and from the terminal or other parking area, does not exceed the estimated cost for use of a limousine or taxicab to and from the terminal.
- b) When the use of public transportation or common carrier is a reasonable alternative, the mileage payment shall not exceed the cost of its use. A reasonable alternative exists when the cost of travel, taking into account both transportation time and per diem expenses, would be less if public transportation or common carrier were used.
- c) Where the nature and the location of the work at a temporary duty station are such that suitable meals cannot be procured there, the expense of daily travel required to procure meals at the nearest available place shall be considered necessary transportation. A statement of the necessity for such daily travel shall accompany the travel voucher. Necessity may be shown by lack of refrigeration or cooking facilities, or lack of restaurants at the site, or need to accommodate special dietary needs.
- d) Transportation between place of lodging and place of business at a temporary duty station shall be allowed as a transportation expense.

SUBPART D: LODGING

Section 2800.400 Conference Lodging

Any employee attending a conference or seminar in the course of State business which is sponsored by an organization other than the State of Illinois may stay in the lowest priced room available at or near the hotel or motel in which the conference or seminar is located or in accommodations arranged by the conference/seminar organizations, and shall be reimbursed for actual lodging expenses in excess of those allowed by the Reimbursement Schedule. The traveler must assert in writing that accommodations were the lowest priced available at or near the conference/seminar site or that the accommodations were arranged by the conference/seminar organizers. This provision does not apply to conference/seminars of or for State officers or employees sponsored by one or more State agencies.

Section 2800.410 Employee Owned or Controlled Housing

State employees on travel status may stay in employee owned or controlled (rented, leased, etc.) property including motor homes and shall be reimbursed, upon request, for the cost of lodging not to exceed 75% of the applicable lodging rate per day. Lodging reimbursement shall not exceed the mortgage, installment or rental payment made by the employee. The monthly mortgage, installment or rental payment may not exceed \$960.00 in the City of Chicago, \$700.00 in suburban Cook County, Lake, McHenry, Kane, Will, and DuPage County, and \$550.00 in the 96 downstate counties. The total reimbursement for the fiscal year shall not exceed the mortgage, installment or rental total of that fiscal year. Exceptions to the monthly mortgage, installment or rental payment allowed may be granted by the Board upon written request from the Agency Head. Once that amount is reached, further lodging reimbursement shall not be given for travel to the city or work site containing the employee owned or controlled housing. Each agency shall monitor expenses to ensure compliance with this Part and shall report to the Board when the maximum reimbursement is reached. Agencies shall report quarterly to the Board fiscal year to date expenses of employees receiving reimbursement under this provision. Prior to receiving reimbursement a statement giving the address of the property, mortgage, installment or rental payment and distance from the work site must be filed with the Board. This option is not available if other costs such as mileage would make this a more expensive alternative.

SUBPART E: PER DIEM - MEALS

Section 2800.500 Conference Meals

- a) If a conference fee includes a meal, the meal or per diem allowance shall be reduced by the actual value of the meal or the amount of the applicable meal allowance shown in the Reimbursement Schedule, whichever is less.

- b) When an employee must purchase a meal at a conference as an expense separate from the conference fee and the amount is in excess of the meal allowance shown in the Reimbursement Schedule, the employee may request an exception to the Part, seeking reimbursement for the actual cost in accordance with the applicable Section in Subpart G. However, if the exception is granted, the employee's meal or per diem allowance shall be reduced by the applicable meal allowance shown in the Reimbursement Schedule.

SUBPART F: MISCELLANEOUS RULES

Section 2800.600 Lack of Receipts

If receipts required pursuant to Subsection 2800.240(e) are not available, a typed statement signed by the traveler certifying the amount paid will be accepted.

Section 2800.650 Headquarter Designation for Agency Heads

All Agency Heads shall be headquartered at a location where official duties require the largest part of their working time. Exceptions to this rule may be granted by the Board upon written request from the Agency Head. Factors the Board will consider in deciding if

an exception should be granted include cost, frequency of travel and the ability to determine a single location at which the largest part of working time is spent.

SUBPART G: EXCEPTIONS TO THE RULES

Section 2800.700 Special Exceptions - Requested in Advance

- a) Exceptions to the operation of specific provisions of this Part may be granted in advance by the Chairman of the Governor's Travel Control Board when necessary to meet special or unavoidable circumstances and when in the best interest of the State. Exceptions are to be requested in writing by the Agency Head and submitted sufficiently in advance to allow meaningful consideration. These exceptions are granted to specific individuals or specified groups or individuals in a single agency.
- b) Travel outside the contiguous United States requires the approval of the Chairman of the Governor's Travel Control Board prior to such travel. All requests shall be submitted at least 30 days in advance of the departure date. Requests shall be in writing with approval/disapproval based on necessity. To show necessity, the Agency Head must describe how the travel relates to a function of the agency, must state why the particular individuals were selected, must verify that the least costly reasonable means of travel was selected and must personally sign the request. Unless the travel is patently nonessential or clearly excessive as to cost, approval will be given.

Section 2800.710 Ex Post Facto Exceptions

- a) Exceptions to the operation of specific provisions of this Part may be granted after the fact by the Chairman of the Governor's Travel Control Board when necessary to meet special or unavoidable circumstances and when in the best interests of the State. Exceptions are to be requested in writing by the Agency Head. The affected employee may request an exception if the Agency Head will not do so. The request must state in detail the nature of the request, the reasons for noncompliance, and why the request should be granted.
- b) In all cases of requests for approval for payment of hotel rates which exceed the maximum rate permitted, a diligent effort must have been made to obtain lodging in a hotel honoring the State rate. A reasonable number of hotels must be contacted. Contacting three or four additional hotels in an urban area is considered reasonable. This is not required in the case of an individual who attends a conference and stays at or near the hotel where the conference is held as provided for in Section 2800.400.

Employees should always attempt to obtain a room at or below \$130.00 at hotels in Cook County.

TRAVEL SAFETY

Hotel Safety

Most hotels have taken numerous steps and implemented proven security programs to ensure your safety. However, it is important to remember that your security and safety while traveling are primarily your responsibility, not that of the hotel. The following guidelines will help ensure a safe, successful, and enjoyable visit.

- Request a room that is not on the ground floor or accessible from the ground.
- Be aware of your baggage when you check in and out. Leaving it out of your eyesight is not a good idea.
- Use the hotel safety deposit box for your valuables. For a fee, some hotels now offer in-room safes. Use caution and common sense if you must leave needed valuables (e.g., lap-top computers, wallet/purse, cameras, etc.) in an unattended room.
- Do not reveal or display room numbers around unfamiliar people. Do not leave your room key on a restaurant table, near the pool, or around any other public area. Do not give your room key to anyone at the hotel until you check-out.
- Close the door whenever you are in your room and use all of the locking devices provided. If you wish, you may want to carry a rubber doorstop and place it under the door of your room for added security.
- Never leave your door open, even if sitting in your room or leaving for a short period of time.
- Check to see if sliding glass doors, windows, and connecting room doors are locked.
- Always lock your vehicle while parked at the hotel and do not leave valuables visibly exposed.
- Do not invite strangers to your room.
- Do not answer the door in a hotel or motel room without verifying who it is. If a person claims to be an employee, call the front desk and ask if someone from the hotel staff is supposed to have access to your room and for what purpose.
- Do not draw attention to yourself by displaying large amounts of cash, jewelry, or other valuables.
- When checking-in or returning to your hotel late at night, use the main entrance. Be observant and look around before entering into large parking lots. If you wish, you may ask the hotel for an escort to your room.
- Use caution when leaving valuables in an unattended meeting room during breaks, meals, etc.
- Be aware of hotels that do not ask for identification when you ask for a new key after misplacing yours, leaving it in your room, etc. If they do not ask you for ID, they may not ask someone else either.
- Do not place the "Please Clean This Room" sign on your room door. It is a clear sign that the room is empty.
- If you observe any suspicious activity, report it at once to the hotel management.

Driving Safety

Whether driving your own vehicle, a state-owned vehicle, or a rental car, it is important to practice safe driving habits. In addition, you should use the following driving safety tips while traveling.

- Always park in well-lighted areas. Before exiting your car, check for suspicious persons in the area and always lock the doors. Also, backing into a parking space makes for a quicker, easier exit.
- Always have your keys in your hand when approaching your vehicle. Look underneath the car while walking toward it. Before entering, check both the front and rear seats for intruders.

- Keep doors locked and windows closed (if possible) while driving.
- Do not stop at an isolated place for any reason.
- Plan your trip in advance. If you become lost, do not broadcast it. Be very discreet and careful when asking for directions.
- When traveling to unfamiliar locations you should: 1) be sure to leave a complete and detailed itinerary with your office and/or family. If possible, call to announce safe arrival at each destination. 2) Carry maps with routes clearly marked. 3) Travel only on main roads and during daylight hours as much as possible.
- If someone "bumps" you from behind (when stopped at a light, for example), do not get out of the car if you are at all suspicious. Motion to the other driver to follow you to a police station. This is also a good procedure to follow if someone you do not know seems to be following you in a strange city.
- When renting a vehicle, ask for one with nothing on it to identify it as a rental vehicle (i.e., special license plates, company stickers, etc.). Obvious rental cars will usually identify the individual as an out-of-town traveler.
- When at a rental car counter, write all of your information down so the rental agent does not ask for it aloud (i.e., name, phone number, address, hotel, etc.).

GOVERNMENT CHARGE CARD

The Governor's Travel Control Board has an agreement with Citicorp Diners Club to provide charge card services to State of Illinois employees. Individuals who use direct billing for state travel expenses at least four (4) times per year should apply for a Diners Club Corporate Card. The corporate charge card may be used to charge all business related travel expenses. Applications are available through your agency Travel Coordinator.

Diners Club offers travelers:

- No annual fee
- No interest or delinquency charges
- \$350,000 common carrier travel accident insurance
- \$1,250 excess baggage insurance
- Dedicated customer service 24 hours a day
- Assured reservations
- Worldwide recognition and acceptance

Accounts are normally established for individual travelers in which the individual is responsible for payment. Agencies are also allowed to establish Corporate Travel System (CTS) accounts (i.e., ghost or central billed account) to pay for air and rail charges. Payments for CTS accounts are the responsibility of the agency.

The Diners Club program is designed to help control travel expenditures, reduce costs, and to provide useful data that enhances the state's ability to negotiate travel discounts. The Board strongly encourages the use of the Diners Club card for all business travel expenses.

LODGING

Lodging Guidelines

The travel rules require that the lowest available lodging rate be obtained when traveling on official state business (see Section 3000.410 of the travel rules). To avoid problems when making reservations, checking-in, checking-out, completing travel vouchers, paying hotel bills, etc., employees should use the following guidelines:

- Hotels listed in the Fiscal Year 2005 Preferred Hotel Listing must always be contacted first when seeking overnight accommodations. In general, lodging is only allowed at hotels which do not appear on the Preferred Hotel Listing if:
 - 1) the rate offered is lower than the rates of preferred hotels in the area, or
 - 2) there are no preferred hotels in the area in which lodging is required, or
 - 3) the traveler is staying at a hotel while attending a non-state sponsored conference (see Section 2800.400 of the travel rules), or
 - 4) a newly-opened hotel in the area has agreed to offer a rate which is the same or lower than that of preferred hotels in the area.
- Policies regarding lodging rate exceptions can be found on Page 96. Contact your agency Travel Coordinator for applicable procedures in your agency.
- Many hotels in the Preferred Hotel Listing offer state rates based on room availability. Hotels are not obligated to always offer the "state" rate.
- Reservations should be made as far in advance as possible. Guarantee reservations when necessary. Always ask the hotel about its cancellation policy. In busier times, cancellation policies will sometimes require the traveler to cancel 72 hours in advance or be charged for the room. If you must cancel a reservation, do so before the deadline. If you make a reservation for several nights in succession, ask the hotel about their early check-out policy. Some hotels charge an early check-out fee (sometimes as high as \$50.00/day in Chicago) if a guest checks out prior to their scheduled departure date.
- Always show proper identification to prove state employment when checking-in. Hotels will normally accept a state-issued ID card or the Diners Club Corporate Card as sufficient identification.
- Confirm that the "state" rate will be received. This should be done when making the reservation, when checking-in and when checking-out. Remember, the "state" rate may be different than the "government" rate. The "government" rate, in many cases, applies to federal government travel. Make certain the "state" rate quoted is within the maximum allowed by the rules contained in this document. If working with a preferred hotel, use this guide to verify the hotel is quoting the state's negotiated rate.
- Carefully review the bill upon check-out to ensure that the room charge reflects the appropriate rate and that no unauthorized charges have been added. For example, some hotels will automatically add a security charge or phone usage charge to your bill. If these services are not used, the charges should be removed before checking-out.

- If direct billing, be sure all personal or incidental charges are paid when checking-out (i.e., pay movies, personal phone calls, etc.).
- Be sure to obtain a copy of the hotel bill to attach to the travel voucher.

Preferred Hotel Listing

The Governor's Travel Control Board has negotiated discounted lodging rates with a total of 312 hotels. The Preferred Hotel Listing has been separated into four primary categories:

<u>AREA</u>	<u>NUMBER OF HOTELS</u>
Chicago Metro	
City of Chicago	52
Suburban Cook County, counties of DuPage, Kane, Lake, McHenry and Will	121
Chicago Area Airports	
Midway	6
O'Hare	16
Downstate Illinois	
City of Springfield	22
All other downstate IL areas	106
State Parks/Lodges	9

Hotel Services and Amenities

To assist travelers in selecting a hotel to fit their specific needs, a list of services has been included for each hotel.

Hotels listed should:

- Accept all major credit cards including the ***Diners Club Corporate Card***
- Offer non-smoking guest rooms
- Offer fully handicapped accessible rooms
- Offer use of a copy and/or fax machine (fees will normally apply)
- Offer audio/visual equipment (fees will normally apply)

Payment Methods

Employees are strongly encouraged to use the ***Diners Club*** corporate charge card to pay for lodging expenses. Many hotels **will not** accept a direct bill voucher (C-13).

Acceptance of vouchers is solely at the discretion of the hotel. If a direct bill voucher must be used, employees should confirm the acceptance when making reservations.

Tax Rates

Rates listed do not include applicable taxes. To assist agencies and employees in budgeting their lodging expenditures, current tax rates are included for each city listed. These rates are subject to change.

Parking

Parking charges listed reflect the rates provided by the hotel to the Governor's Travel Control Board at the time the agreement was signed. These rates are subject to change.

Negotiated Rates

The negotiated rates shown are valid July 1, 2004 - June 30, 2005. In the City of Chicago, some hotels are offering further discounts during times of projected lower occupancy.

Internet Addresses

Internet addresses, either for the hotel specifically or for the chain it represents, have been included for each property. Employees are encouraged to use these links to obtain additional information about the hotel and to make reservations when the negotiated state rate, or a better rate, is available through the on-line process. Note: Although these links are provided to assist travelers in making reservations, employees must adhere to their agency policy regarding Internet usage.

Remember, hotels appearing on the Preferred Hotel Listing must always be contacted first when seeking overnight accommodations.

LODGING EXCEPTIONS

State agencies may process requests for excessive lodging charges without approval from the Governor's Travel Control Board provided the request is in compliance with the travel rules. A request is considered in compliance if:

- In the Cities of Chicago and Springfield, a minimum of five (5) Preferred hotels were contacted (i.e., hotels appearing in the latest Travel Guide for State Employees or subsequent Travel Updates).
- In all other areas within the State of Illinois -- a minimum of three (3) Preferred hotels were contacted.
- In all out-of-state locations, a minimum of three (3) properties were contacted.

For areas with less than three (3) hotels on the Preferred Hotel Listing, a minimum of three (3) budget to mid-price hotels must have been contacted (where available). Upscale or deluxe properties would not count as contacted properties unless they appear on the Preferred Hotel Listing. Lodging is only allowed at non-Preferred hotels if the rate offered is lower than the rates of Preferred hotels in that particular area.

If the request is determined to be in compliance, agencies may process the claim provided:

- A note is placed in the "Comments" field on the travel voucher to reflect agency approval of the excessive lodging amount.
- Agencies maintain documentation of the justification for all excessive lodging approvals.

The following types of lodging requests **do require** written approval from the Governor's Travel Control Board prior to submitting a claim to the Office of the Comptroller for payment:

- All excessive lodging requests not in compliance with the travel rules.
- All requests for in-headquarters lodging expenses.
- All requests for unanticipated fees/charges assessed by hotels including: early departure fees, unused hotel room charges, etc. Energy fees/charges assessed by hotels are reimbursable and do not require an exception.

All requests submitted to the Travel Control Board **must** contain a detailed explanation of why the exception should be granted, and must be personally signed by the Agency Head. Requests will be returned that fail to meet these requirements.

Employees should check with their Agency Travel Coordinator for specific policies and procedures related to the exception process.

TRANSPORTATION

Section 3000.300 of the Travel Regulation Council rules states, "All travel shall be by the most economical mode of transportation available considering travel time, costs, and work requirements." To assist employees in selecting the appropriate mode of transportation, the following information is provided in regards to airlines, car rental companies, state-owned vehicles and Amtrak.

AIRLINES

Reservation/Booking Procedures

Employees are encouraged to use a variety of booking methods to ensure the lowest possible fare is obtained. Methods could include:

- Direct via airline toll-free number – numbers for major airlines are provided on page 64.
- Direct from airline via Internet site – addresses for major airlines are provided on page 64.
- Through an on-line reservation system such as Travelocity, Expedia, Orbitz, etc. (**NOTE: Fees charged by these on-line reservation systems are not reimbursable for flights between Chicago and Springfield, see Travel Update #04-05.**)

Some airlines publish discounted airfares for state government travelers. These fares should always be checked when appropriate. State of Illinois employees are not eligible for published federal government fares. Any state agency or employee who accepts a federal government fare may be held liable for the difference in the cost of the federal fare and a standard coach fare (or any other fare chosen at the discretion of the airline).

Regardless of how an airline ticket is booked, employees should always know the restrictions and potential penalties applicable to the fare in case cancellation or change is necessary.

Airport Security

Due to heightened security measures, employees should allow extra time at airports. A number of factors will determine how far in advance of the scheduled departure time a traveler needs to arrive. Following is a list of those factors; size of the airport, type of ticket purchased (i.e., e-ticket, etc.), checked baggage required, etc. Smaller airports, such as Abraham Lincoln Capital Airport in Springfield, ask that passengers arrive one hour prior to the scheduled departure. Larger airports, such as O'Hare and Midway in Chicago, ask that passengers arrive at least 90 minutes prior to departure especially if a traveler needs to go to the check-in counter for any reason (i.e., check baggage, etc.). Some key points to remember:

- A government issued photo ID is required at check-in and at the security checkpoint. An Illinois drivers license or state agency issued photo ID is acceptable.
- If making a round-trip flight, be sure to obtain an itinerary and receipt. This will make the return trip easier at the security checkpoint.
- Only ticketed passengers are allowed beyond the security checkpoint.
- Travelers are advised to pack only what they need and should not pack any item that may raise suspicion or could be perceived as a dangerous object. These items would include; knives of any kind or size, mace, flammable liquids, etc. These items will be scrutinized and possibly confiscated at the security screening checkpoint. All baggage is subject to a thorough search.
- Travelers should be aware of items carried onto the plane. One carry-on bag is allowed plus one personal item (i.e., purse, briefcase, etc.). They are subject to the same screening process. Travelers should be prepared to demonstrate the operation of electronic equipment such as cell phones, lap-tops, etc.

For additional information on airport security and the airline industry in general, employees may want to visit the following Web sites:

- U.S Dept. of Transportation – www.dot.gov/airconsumer
- U.S. Dept. of Transportation, Transportation Security Administration – www.tsa.dot.gov
- Federal Aviation Administration – www.faa.gov

The Transportation Security Administration site also contains links to individual airports where more specific information can be obtained.

CAR RENTAL

The Governor's Travel Control Board does not currently have an agreement with a vendor to provide commercial car rental services. It is expected that a car rental contract will be in place by summer 2005. Until such time an agreement is in place, agencies and employees are required to seek out and accept the most economical rental considering travel time, costs and work requirements (see Section 3000.300 of the Travel Rules).

- ***Employees should always decline the loss/collision damage waiver insurance coverage offered. This is not a reimbursable expense (see Section 3000.300(e)).***

AMTRAK

Amtrak provides train service to/from more than 30 cities throughout Illinois.

State employees receive discounted rates from Amtrak between Springfield and Chicago. The one-way rate is currently \$16.00 (either direction). Because Amtrak frequently changes its schedule, exact departure and arrival times for the Springfield/Chicago route are not listed. Currently, Amtrak offers three (3) daily trips, in each direction, between Springfield and Chicago. Complete schedules for all Illinois cities served by Amtrak may be obtained at a local Amtrak station, by calling the Illinois Department of Transportation, Bureau of Railroads, at (217) 782-4981 or the Governor's Travel Control Board at (217) 782-4705.

Amtrak requires passengers to make advance reservations for all trains serving the State of Illinois. To insure seat availability, employees should call Amtrak prior to the intended date of travel. State employees will not be penalized for canceling or changing reservations.

Tickets obtained at an Amtrak station must be purchased with the Diners Club Corporate Card, personal credit card, or cash. Amtrak does not accept direct billing methods.

Reservations:

- Amtrak Nationwide: (800) USA-RAIL
- Springfield Station: (217) 753-2013
- Chicago Station: (312) 558-1075

Employees may obtain additional information on Amtrak locations and routes through the Internet at www.amtrak.com. However, the \$16.00 government fare for travel between Springfield and Chicago may not be purchased on the Internet site.

TRAVEL VOUCHERS

To assist your agency and the Office of the Comptroller in reviewing and processing travel vouchers, there are a number of guidelines you should follow.

Sections 2800.240 and 2800.250 of the Governor's Travel Control Board rules outlines the proper method to complete and submit travel vouchers.

- If possible, travel vouchers (Form C-10) should be typed or produced electronically. If a handwritten voucher is to be submitted, be sure to print hard and write legibly.
- The purpose of the travel, employee headquarters and residence, applicable points of departure, destination, dates, and times, are all vital to an expedient processing of the voucher.
- Accurate mileage calculations must be noted on the voucher if a personal vehicle is used. Travel Update # 04-08 outlines acceptable methods to record mileage reimbursement calculations.
- Required receipts must be attached to the voucher. Receipts should clearly indicate travel vendor, dates, times, dollar amounts, etc.
- All travel vouchers should contain the appropriate authorizing signatures prior to submission to the Comptroller. The traveler's original signature is required by the Comptroller.

Travel falls under four separate detail object codes. It is important that the voucher indicate the appropriate code for the travel.

Code Purpose

- 1291 In-State Travel -- Reimbursements to Employees.
- 1292 Out-of-State Travel -- Reimbursements to Employees.
- 1293 In-State Travel -- Payments to Vendors.
- 1294 Out-of-State Travel -- Payments to Vendors.

The purpose of the travel voucher is to make claim for reimbursement for travel expenses incurred while on travel status. Only expenses related to the travel should appear on a voucher, including: transportation expenses, mileage, lodging, meals, parking, tolls, etc. In addition, certain miscellaneous expenses can be claimed as defined in Section 3000.600(a) of the Travel Regulation Council rules.
