

To: All Wireless 911 Centers or ETSBs

The State of Illinois is realigning its core functions within state government. The administration of the Wireless Emergency Telephone Safety Act (WETSA) will be moved from Central Management Services to the Illinois Commerce Commission. This change will be effective on July 1, 2004. Please be assured that Central Management Services will be involved as long as is necessary for a smooth transition. Below is the new contact information effective July 1.

On behalf of Steve Wieland, Betsy Lamaster and myself we would like to say that we have thoroughly enjoyed this project and working with all of you. We will certainly miss this project and the people associated with 911. If you have any questions please feel free to call us.

Thank you.
