

2008 Universities Providing Flu Shots

The universities listed below have partnered with the Department of Healthcare and Family Services to provide flu shots at no charge to eligible State of Illinois employees and retirees.

Dependents, spouses, contractual workers and students are NOT eligible for this program.

State of Illinois employees and retirees enrolled in either the Quality Care Health Plan (QCHP) or a State-sponsored managed care plan are eligible to receive the flu shot. Employees will be required to present verification of State employment and their health insurance card from a State-sponsored health plan. State retirees may also receive the flu shot by presenting their State-sponsored health insurance card and another form of identification. Interested individuals should call the university for the exact dates, times and locations that the shots will be offered.
