

# Universities Providing Flu Shots Fall 2009

The health departments listed below have partnered with the Department of Healthcare and Family Services to provide flu shots at no charge to eligible State of Illinois employees and retirees. **Dependents, spouses, contractual workers, consultants, students, as well as employees who have opted out of the health insurance coverage through the state are NOT eligible for the free seasonal flu shot through this program.**

State of Illinois employees and retirees enrolled in either the Quality Care Health Plan (QCHP) or a State-sponsored managed care plan are eligible to receive the free seasonal flu shot. Each employee will be required to present his/her state health insurance card **and** his/her State ID card. Each retiree must present his/her state health insurance card and another form of identification. Interested individuals should call their local health department for the exact dates, times and locations that the shots will be offered.
