Minnesota Life Insurance Company.

you, your

A member who meets the eligibility requirements and becomes insured under the group policy.

General Information

What is your agreement with us?

You are insured under the group policy shown on the first page of this certificate. Your application as defined under this certificate is deemed a part of this certificate. This certificate summarizes the principal provisions of the group policy that affect your life insurance coverage. The provisions summarized in this certificate are subject in every respect to the group policy.

Any statements made in your application as defined in this certificate will be considered representations and not warranties. Also, any statement made will not be used to void your insurance nor defend against a claim unless the statement is contained in the application.

This certificate is issued in consideration of your application and the payment of the required premium.

Can this certificate be amended?

Yes. We retain the right to amend this certificate at any time without your consent. Any amendment will be without prejudice to any claim incurred for benefits prior to the date of the amendment.

Who is eligible for insurance?

You are eligible if you are an eligible member as defined in the Definitions section of this certificate.

No person may be insured under the group policy at the same time under more than one category of eligible member.

When will we require evidence of insurability?

Evidence of insurability will be required if:

- (1) the insurance is optional coverage and you do not enroll within the 10-day initial enrollment period into the Group Insurance Program; or
- (2) the optional coverage requested exceeds the guaranteed issue amount shown on page 3 of this booklet; or
- (3) the insurance for which you previously enrolled did not go into effect or was terminated because you failed to make a required premium contribution; or
- (4) during a previous period of eligibility, you failed to submit evidence of insurability or that which was submitted was not satisfactory to us.

When does initial insurance become effective?

Basic insurance automatically becomes effective on the date an employee or annuitant first becomes an eligible member. Former General Assembly annuitants and Emergency Appointments must elect basic insurance within 10 days of becoming an eligible member.

All eligible members, other than Deferred Annuitants, their Survivors and former General Assembly annuitants with a break in service, may elect optional coverage. Optional coverage must be elected within 10 days of the date an employee or annuitant first becomes an eligible member in order to be eligible for the guaranteed issue amount.

Optional coverage for an eligible survivor must be elected within 10 days of the later of the date he or she becomes an eligible survivor or the date enrollment forms are sent to the survivor by the retirement system in order to be eligible for the guaranteed issue amount.

Subject to the irrevocability rule, optional coverage may be requested after these initial 10-day periods, but satisfactory evidence of insurability will be required in order for coverage to become effective.

What changes can you make to your insurance after your initial eligibility period?

Former General Assembly annuitants and Emergency Appointments who did not elect basic coverage when first eligible, who subsequently wish to elect it, may do so during the annual Benefit Choice period. Evidence of insurability will not be required for this basic coverage. The effective date of the new coverage will be the effective date of the Benefit Choice election.

All currently enrolled members who wish to apply for or change optional life insurance may do so during the annual Benefit Choice period or within 60 days of a qualifying change in status. Members may also make changes to their optional life coverage at any time if the coverage is taxable and not subject to the Irrevocability Rule, as described in the next section.

An increase in optional life, including applying for it for the first time, requires satisfactory evidence of insurability. If approved, coverage will be effective the first day of the pay period following approval by us, subject to the Irrevocability Rule. A decrease in optional life coverage that is subject to the Irrevocability Rule, and is requested outside of the Benefit Choice enrollment period, will be effective on the date of the request or the date of the qualifying change in status, whichever is later. Requests to decrease coverage during the Benefit Choice period will be effective on the effective date of the Benefit Choice enrollment. Decreases not subject to the Irrevocability Rule are effective on the first day of the pay period following the date of your request.

What is the Irrevocability Rule?

Pursuant to Section 125 of the Internal Revenue Code, premiums paid by the member for life insurance coverage are tax exempt, with some exceptions. The tax exemption applies only to premiums that are payroll deducted. The Internal Revenue Code requires plans which provide tax exempt premium to prohibit changes in the member's deduction during a plan year unless there is a qualifying change in status such as death, divorce, marriage or birth, as defined by the Internal Revenue Service.

The Irrevocability Rule applies to both increases and decreases in life insurance coverage. The acceptance of evidence of insurability by us does not constitute an approval by the Department of Central Management Services; changes in coverage are still subject to the irrevocability regulations.

Premium paid for some insurance is taxable and therefore the coverage can be changed anytime during the year, subject to contractual obligations. This applies to:

- (1) life insurance amounts above \$50,000 (basic plus optional life insurance); and
- (2) spouse, child and AD&D insurance; and
- (3) insurance paid for by retirees and annuitants.

Can your coverage be continued during a leave of absence?

Yes. The following shall apply to leaves of absence.

Your basic life insurance coverage will remain in force at State expense while on an eligible leave of absence, in accordance with the requirements of the Group Insurance Program. Optional life insurance may also be continued, but the employee is responsible for full payment of the premiums.

The amount of basic life insurance in effect during a leave of absence is based upon the salary in force as of the last day worked before the leave of absence. There can be no increase in the life insurance amount until the employee returns to active (working) employment. Increases in premiums due to age will occur while you are on a leave of absence.

Any employee on a leave of absence which is not eligible for State contribution must contribute 100% of the cost to continue basic life insurance coverage and any optional life insurance he or she wishes to continue. Members may choose to waive basic coverage while on a leave of absence.

If optional life insurance is not continued during a leave of absence, application and satisfactory evidence of insurability will be required upon return to work in order to again become covered for optional life insurance.

Any premiums the member is responsible for during a leave of absence will be billed by and must be paid to the Group Insurance Division of the Department of Central Management Services.

Continued coverage during a leave of absence is subject to maximum time frames according to the policyholder's rules and procedures. Notify your Group Insurance Representative immediately when you apply for a leave of absence.

Can your coverage be continued during a layoff?

Certain members who are permanently laid off may be eligible for premium-free benefits. Contact your Group Insurance Representative for details. If a permanently laid

off member is not eligible for premium-free benefits, coverage can be ported or converted. See pages 9 and 15 for information on conversion and portability.

Premiums

When and how often are your premium contributions due?

Unless the policyholder and we have agreed to some other premium payment procedure, any premium contributions you are required to make for contributory insurance are to be paid by you through payroll deductions or whatever other arrangements have been made on a monthly basis. We apply premiums consecutively to keep the insurance in force.

How is the premium determined?

The premium will be the premium rate multiplied by the number of \$1,000 units of insurance in force on the date premiums are due. The premium may also be computed by any other method on which the policyholder and we agree. We may change the premium rate according to the contract between the policyholder and us.

Death Benefit

What is the amount of the death benefit?

The amount of the death benefit is the amount of insurance shown on page 3 of this booklet.

When will the death benefit be payable?

We will pay the death benefit upon receipt at our home office of written proof satisfactory to us that you died while insured under this certificate. All payments by us are payable from our home office. The death benefit will be paid in a single sum or by any other method agreeable to us and the beneficiary. Payment of the death benefit will extinguish our liability under the certificate for which the death benefit has been paid.

To whom will we pay the death benefit?

We will pay the death benefit to the beneficiary or beneficiaries. A beneficiary is named by you to receive the death benefit to be paid at your death. You may name one or more beneficiaries. You cannot name the policyholder as a beneficiary.

You may also choose to name a beneficiary that you cannot change without the beneficiary's consent. This is called an irrevocable beneficiary.

If there is more than one beneficiary, each will receive an equal share, unless you have requested another method in writing. To receive the death benefit, a beneficiary must be living at the time of your death. In the event a beneficiary is not living at the time of your death, that beneficiary's portion of the death benefit shall be equally distributed to the remaining surviving beneficiaries. In the event of the simultaneous deaths of you and a beneficiary,

as defined by applicable law, the death benefit will be paid as if you survived the beneficiary.

If there is no eligible beneficiary, or if you do not name one, we will pay the death benefit to:

- (1) your lawful spouse, if living; otherwise
- (2) your natural or legally adopted child (children) in equal shares, if living; otherwise
- (3) your parents in equal shares, if living; otherwise
- (4) your brothers and sisters in equal shares, if living; otherwise
- (5) the personal representative of your estate.

Can you add or change beneficiaries?

Yes. You can add or change beneficiaries if all of the following are true:

- (1) your coverage is in force; and
- (2) we have written consent of all irrevocable beneficiaries; and
- (3) you have not assigned the ownership of your insurance.

A request to add or change a beneficiary must be made in writing or by any other method agreeable to us and the policyholder. All requests are subject to our approval. A change will take effect as of the date it is signed, but will not affect any payment we make or action we take before receiving your notice.

Termination

When does your coverage terminate?

Your coverage ends on the earliest of the following:

- (1) the date the group policy ends; or
- (2) the date you no longer meet the eligibility requirements; or
- (3) the date the group policy is amended so you are no longer eligible; or
- (4) 31 days (the grace period) after the due date of any premium contribution which is not paid; or
- (5) the last day for which premium contributions have been paid following your written request to cease participation under any contributory coverage under this certificate; or
- (6) the date that you die.

If your coverage under the group policy terminates due to non-payment of premiums, your coverage may be reinstated if all premiums due are paid and received by us within 31 days of the date of termination and during your lifetime.

When does the group policy terminate?

The policyholder may terminate the group policy by giving us 120 days prior written notice. We reserve the right to terminate the group policy on the earliest of the following to occur:

- (1) 31 days (the grace period) after the due date of any premiums which are not paid; or
- (2) on any subsequent policy anniversary after the date the number of members insured is less than any minimum established by us or as required by applicable state law; or
- (3) 120 days after we provide the policyholder with notice of our intent to terminate the group policy.

Conversion Right

What is the conversion right?

You may convert your basic and your optional insurance to a new individual life insurance policy if all or part of your life insurance under the group policy terminates.

You may convert up to the full amount of terminated insurance if termination occurs because you move from one existing eligible class to another, or you are no longer in an eligible class.

What is the limited conversion right?

Limited conversion is available if, after you have been insured for at least five years, insurance is terminated because:

- (1) the group policy is terminated; or
- (2) the group policy is changed to reduce or terminate your insurance.

You may convert up to the full amount of terminated insurance, but not more than the maximum. The maximum is the lesser of:

- (a) \$10,000; or
- (b) the amount of life insurance which terminated minus any amount of group life insurance for which you become eligible under any group policy issued or reinstated by us or any other carrier within 31 days of the date the insurance terminated under the group policy.

Neither the conversion right nor the limited conversion right is available if your coverage under the group policy terminates due to the member's failure to make, when due, required premium contributions.

Under both the conversion right and the limited conversion right, you may convert your insurance to any type of individual policy of life insurance then customarily issued by us for purposes of conversion, except term insurance. The individual policy will not include any supplemental benefits, including, but not limited to, any disability benefits, accidental death and dismemberment benefits, or accelerated benefits.

How do you convert your insurance?

You convert your insurance by applying for an individual policy and paying the first premium within 31 days after your group insurance terminates. No evidence of insurability will be required.

If you do not receive written notice of the conversion right at least 15 days prior to the end of the 31-day conversion period, you will have an additional period within which to exercise such right. This additional period will expire 15 days after you are given such notice, but in no event will such additional period be extended beyond 60 days after the end of the conversion period. Notice of the conversion right will be presented to you or sent to your last known address. Receipt of this certificate will constitute such notice. Nothing contained herein will be construed to continue any insurance beyond the period provided in this certificate.

How is the premium for the individual policy determined?

We base the premium for the individual policy on the plan of insurance, your age, and the class of risk to which you belong on the date of the conversion.

When is the individual policy effective?

The individual policy takes effect 31 days after the group insurance provided under the group policy terminates.

What happens if you die during the 31-day period allowed for conversion?

If you die during the 31-day period allowed for conversion, we will pay a death benefit regardless of whether or not an application for coverage under an individual policy has been submitted. The death benefit will be the amount of insurance you would have been eligible to convert under the terms of the conversion right section.

We will return any premium you paid for an individual policy to your beneficiary named under the group policy. In no event will we be liable under both the group policy and the individual policy.

Additional Information

What if your age has been misstated?

If your age has been misstated, the death benefit payable will be that amount to which you are entitled based on your correct age. A premium adjustment will be made so that the actual premium required at your correct age is paid.

When does your insurance become incontestable?

Except for the non-payment of premiums, after your insurance has been in force during your lifetime for two years from the effective date of your coverage, we cannot contest your coverage. However, if there has been an increase in the amount of insurance for which we required evidence of insurability, then, to the extent of the increase, any loss which occurs within two years of the effective date of the increase will be contestable.

Any statements you make in your application as defined under this certificate will be considered representations and not warranties. Also, any statement you make will not

be used to void your insurance, nor defend against a claim, unless the statement is contained in the application.

Can your insurance be assigned?

Yes. However, we will not be bound by an assignment of the certificate or of any interest in it unless it is made as a written instrument, and you file the original instrument or a certified copy with us at our home office, and we send you an acknowledged copy.

We are not responsible for the validity of any assignment. You are responsible for ensuring that the assignment is legal in your state and that it accomplishes your intended goals. If a claim is based on an assignment, we may require proof of interest of the claimant. A valid assignment will take precedence over any claim of a beneficiary.

Is the policyholder required to maintain records?

Yes. The policyholder is required to maintain adequate records of any information necessary for us to administer this certificate. We can obtain them from the policyholder at any reasonable time.

If a clerical error is made in keeping records on the insurance under the group policy, it will not affect otherwise valid insurance. A clerical error does not continue insurance which is otherwise stopped. If an error causes a change in premium payment, we will make a fair adjustment.

Will the provisions of this certificate conform with state law?

Yes. If any provision in this certificate, or in the provisions of the group policy, is in conflict with the laws of the state governing the certificates or the group policy, the provision will be deemed to be amended to conform to such laws.

General Information

This certificate supplement is issued in consideration of the required premium and is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein. Any Accidental Death and Dismemberment coverage provided by a certificate supplement to your certificate will not apply to dependent coverage provided by this certificate supplement.

What does this supplement provide?

This supplement provides insurance on the lives of your eligible dependents. This coverage is not available to deferred annuitants nor their survivors, nor to anyone becoming a survivor on or after September 22, 1979.

What members of your family are eligible for insurance under this supplement?

The following members of your family are eligible for insurance under this supplement:

- (1) your lawful spouse (does not include a common law spouse, ex-spouse or same-sex partner) who is:
 - (a) not eligible for insurance as a member under the group policy; or
 - (b) an eligible member who is off payroll and is responsible for 100% of his or her health care coverage; or
 - (c) an eligible part-time employee who was a part-time employee prior to July 1, 2003 and who had elected prior to July 1, 2003 not to participate in the program as an employee; and

 - (a) your natural children; and
 - (b) your adopted children; and

 - (c) they have been continuously disabled as determined by the Social Security Administration from a cause originating prior to age 19.

Live birth means the act of a child being born alive with all respiratory, cardiac and brain functions operating at the time of birth. Live birth does not include stillbirths, abortions or miscarriages. In addition, an official Certificate of Live Birth must be issued.

"Other" dependents (as defined in the State of Illinois Handbook) who are enrolled for health benefits, are not eligible for this life program.

Dependents who are in military service are not eligible.

If both parents of a child qualify as eligible members under the certificate, the child shall be considered a dependent of only one parent for purposes of this certificate supplement. If a child qualifies as a member under the certificate, he or she is not eligible to be insured as a dependent child.

When will we require evidence of insurability?

Evidence of insurability is required any time child or spouse coverage is added. However, there are a few situations in which it is not required. Those situations are:

- (1) dependents of a new member (coverage must be requested within the member's 10-day initial enrollment period); or
- (2) marriage (coverage must be requested within 60 days of the date of marriage); or
- (3) birth (coverage must be requested within 60 days of the date of birth); or
- (4) adoption (coverage must be requested within 60 days of the date of the petition for adoption being filed, or of custody being granted); or
- (5) adjudicated child (coverage must be requested within 60 days of circuit clerk file stamp date or Public Aid representative's signature).

Dependent coverage may be added any time throughout the plan year. You must apply for each newly eligible child, even if you already have child insurance in place.

Evidence of insurability will also be required if:

- (1) dependent insurance for which you previously enrolled did not go into effect or was terminated because you failed to make a required premium contribution; or
- (2) during a previous period of eligibility, you failed to submit evidence of insurability that was required for a dependent or that which was submitted was not satisfactory to us.

When does insurance on a dependent become effective?

Insurance on a dependent becomes effective on the first day of the pay period following the date when all of the following conditions have been met:

- (1) the dependent meets all eligibility requirements; and
- (2) you apply for dependent coverage on forms which are approved by us; and
- (3) we are satisfied with the dependent's evidence of insurability, if we require evidence; and
- (4) we receive the required premium.

However, in no event will insurance on a dependent be effective before your insurance is effective.

- (5) the date of your death.

You must notify us or your employer when a dependent is no longer eligible for coverage under this supplement so that premiums may be discontinued. This certificate supplement is issued in consideration of the required premium and is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein. Coverage under this supplement will not be included in any insurance issued under the conversion right section of your certificate.

This supplement provides a benefit for your accidental death or dismemberment which occurs as a result of an accidental injury. This coverage is not available to deferred annuitants nor their survivors, nor to anyone becoming a survivor on or after September 22, 1979.

Accidental Death and Dismemberment Benefit

What does accidental death or dismemberment by accidental injury mean?

Accidental death or dismemberment by accidental injury as used in this supplement means that your death or dismemberment results, directly and independently of disease or bodily infirmity, from an accidental injury which is unexpected and unforeseen.

The injury must occur while your coverage under this supplement is in force. Your death or dismemberment must occur within 365 days after the date of the injury and while your coverage under this supplement is in force.

In no event will we pay the accidental death or dismemberment benefit where your death or dismemberment results from or is caused directly by any of the following:

If you sustain more than one loss as a result of any one accident, payment shall be made only for that one loss for which the largest amount is payable.

When will the accidental death and dismemberment benefit be payable?

We will pay the accidental death and dismemberment benefit upon receipt at our home office of written proof satisfactory to us that you died or suffered dismemberment as a result of an accidental injury. All payments by us are payable from our home office. The benefit will be paid in a single sum.

To whom do we pay the benefit?

We pay the death benefit to the person or persons entitled to receive the death benefit for your life insurance under the terms of your certificate. The benefit for other losses is paid to you, if living, otherwise to your estate.

General Information

This certificate supplement is issued in consideration of the required premium and is subject to every term, condition, exclusion, limitation and provision of your certificate unless otherwise expressly provided for herein.

What does this supplement provide?

This supplement provides for continuation of your optional group life insurance if you no longer meet the eligibility requirements of your certificate, except as provided for herein.

To continue coverage under the provisions of this supplement, you must make a written request and make the first premium contribution within 31 days after insurance provided by the group policy would otherwise terminate.

If you do not receive written notice of the portability right at least 15 days prior to the end of the 31-day portability election period, you will have an additional period within which to exercise such right. This additional period will expire 15 days after you are given such notice, but in no event will such additional period be extended beyond 60 days after the end of the portability period. Notice of the portability right will be presented to you or sent to your last known address. Receipt of this certificate supplement will constitute such notice. Nothing contained herein will be construed to continue any insurance beyond the period provided in the certificate.

Evidence of insurability will not be required. Coverage provided by this supplement will then be deemed effective retroactive to the beginning of the 31-day period. This date is considered to be your portability date and you are then considered to have portability status.

Who is eligible to continue insurance under this supplement?

You are eligible to continue your group life insurance under the terms of this supplement if you, except as provided by this supplement, no longer meet the eligibility requirements of your certificate due to any of the following:

- (1) you terminate employment, including retirement; or
- (2) you are no longer in a class eligible for insurance or you are on a leave or layoff; or
- (3) an amendment to the group policy.

You will not be eligible to request coverage under this supplement if you:

- (1) have converted your insurance to an individual life policy under the terms of your certificate's conversion right section; or
- (2) lose eligibility due to termination of the group policy.

What insurance can be continued under this supplement?

Only your optional life insurance that you are no longer eligible for otherwise may be continued under this supplement, subject to the maximums stated below. You cannot continue your basic life, dependent life or AD&D insurance. All certificate supplements other than this supplement and the Accelerated Benefits Certificate Supplement will terminate on your portability date.

The amount of optional life insurance that can be continued is the amount of optional insurance in force immediately prior to your portability date, not to exceed four times your basic life insurance amount, less any amount you are eligible for as an immediate annuitant.

The amount is subject to the following maximums, based on your age on your portability date:

<u>Age</u>	<u>Maximum Amount</u>
Less than 65	\$500,000
65 – 69	the lesser of 65% of the amount determined above or \$325,000
70 – 79	the lesser of 25% of the amount determined above or \$125,000

When you attain age 65 after porting your coverage, your insurance will reduce to 65% of the amount in force immediately prior to attaining age 65. When you attain age 70 after porting your coverage, your insurance will reduce to 25% of the amount in force immediately prior to age 65 (if you ported coverage after age 65 the 25% reduction will be based on your amount in force immediately prior to your portability date).

If your insurance is reduced because you are over age 65, your premium will be based on the reduced amount of insurance.

Regardless of your age, the minimum amount of insurance to be continued is \$5,000.

Can you request a change in your amount of insurance continued under this supplement?

Yes. You may elect to reduce the amount of insurance on your life. The amount of insurance continued under this supplement will never increase.

How will premium contributions be paid?

Premium contributions will be paid directly to us on a monthly, quarterly, semi-annual, or annual basis and will be subject to an administrative charge per billing period. We may adjust the amount of the charge, but not more often than once per year.

Can the premium rate change?

Yes. The premium rate may increase on the portability date. The premium rate may also increase in the future but will not change more often than once per year.

Can insurance continued under this supplement be converted to a policy of individual insurance?

Yes. At any time after insurance has been continued under the provisions of this supplement, it may be converted to a policy of individual insurance with Minnesota Life. All other conditions and provisions of the conversion right section of your certificate to which this supplement is attached will apply.

What happens if you again become eligible under your certificate?

If you are continuing coverage under the terms of this supplement, and again meet the eligibility requirements of your certificate, not including the terms of this supplement, you shall no longer be considered to have portability status. Insurance may be continued only under the terms of your certificate, not including this supplement, unless and until you no longer meet the eligibility requirements of your certificate and again return to portability status as provided for herein.

What happens to insurance provided under this supplement when the group policy terminates?

Anything in the group policy notwithstanding, termination of the group policy by the policyholder or us will not terminate life insurance then in force for any person under the terms of this supplement. The group policy will be deemed to remain in force solely for the purpose of continuing such insurance, but without further obligation of the policyholder.

Any insurance continued under the terms of this supplement will remain in force until terminated by the provisions of the section entitled "When will insurance continued under this supplement terminate?".

No individual may elect coverage under this supplement on or after the date of termination of the group policy.

When will insurance continued under this supplement terminate?

Insurance being continued under this supplement will terminate on the earliest of the following:

- (1) your 80th birthday; or
- (2) the date you again meet the eligibility requirements of your certificate, not including the terms of this supplement; or
- (3) 31 days after the due date of any premium contribution which is not made.

Benefits received under this Accelerated Benefits Certificate Supplement may be taxable. You should seek assistance from a personal tax advisor prior to requesting an accelerated payment of death benefits.

General Information

This certificate supplement is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein.

What does this supplement provide?

This supplement provides for the accelerated payment of a partial amount of your death benefit. If you have a terminal condition as defined in this supplement, you may request an accelerated payment of your death benefit.

Definitions

accelerated benefit

The amount of the death benefit we will pay if you are eligible under this supplement.

death benefit

The amount of your life insurance shown on page 3 of this booklet.

immediate family

Your spouse, children, parents, grandparents, grandchildren, brothers and sisters, and their spouses.

physician

An individual who is licensed to practice medicine or treat illness in the state in which treatment is received. This does not include you or a member of your immediate family.

Terminal Condition

What is a terminal condition?

A terminal condition is a condition caused by sickness or accident which directly results in a life expectancy of 24 months or less.

What evidence do we require of your terminal condition?

We must be given evidence that satisfies us that your life expectancy, because of sickness or accident, is 24 months or less. That evidence must include certification by a physician.

Do we have the right to obtain independent medical verification?

Yes. We retain the right to have you medically examined at our own expense to verify your medical condition. We may do this as often as reasonably required while accelerated benefits are being considered or paid.

Payment of Accelerated Benefit

How do we calculate the accelerated benefit?

The accelerated benefit will be equal to the death benefit requested to be accelerated, subject to the minimum and maximum death benefit eligible for an accelerated benefit described in a later section.

What are the conditions for the payment of an accelerated benefit?

We will consider the payment of an accelerated benefit, subject to all of the following conditions:

- (1) coverage must be in force and all premiums due must be fully paid; and
- (2) application must be made in writing and in a form which is satisfactory to us. We will tell you what form is required; and
- (3) you must be the sole owner of the certificate; and
- (4) your insurance must not have an irrevocable beneficiary.

Who may request an accelerated payment of the death benefit?

You may request an accelerated payment of the insurance on your life.

Is the request for an accelerated benefit voluntary?

Yes. An accelerated benefit will be made available on a voluntary basis only. An accelerated benefit under this supplement is not intended to cause an involuntary reduction of the death benefit ultimately payable to the named beneficiary. Therefore, payment of the death benefit cannot be accelerated under this supplement if you:

- (1) are required by law to use this option to meet the claims of creditors, whether in bankruptcy or otherwise; or
- (2) are required by a government agency to use this option in order to apply for, obtain, or keep a government benefit or entitlement.

Is there a minimum or maximum death benefit eligible for an accelerated benefit?

Yes. The minimum death benefit to be eligible for an accelerated benefit under this supplement is \$10,000. The maximum death benefit to be eligible for an accelerated benefit is the lesser of 50% of your combined basic and optional life insurance or \$1,000,000.

Do you have to take the entire accelerated benefit available?

No. You may choose to receive less than the maximum amount available. If you elect to receive less than the maximum accelerated benefit amount available under this supplement, your remaining death benefit under the certificate must be at least \$25,000.

You may reapply for the payment of the remaining amount of insurance at any time. However, we may ask for further satisfactory evidence that you meet all requirements for the accelerated benefit. The total of all accelerated payments cannot exceed the maximum stated in the previous section.

What is the effect on your coverage of the receipt of an accelerated benefit?

Your coverage will remain in force and premiums will be reduced accordingly. The remaining amount of insurance under your certificate will be the full amount of insurance minus the amount of insurance that was accelerated.

How will we pay the accelerated benefit?

We will pay the accelerated benefit in one lump sum or in any other mutually agreeable manner.

To whom will we pay accelerated benefits?

All accelerated benefits will be paid to you unless you validly assign them otherwise. If you die before all payments have been made, we will pay the remainder to the beneficiary named under this certificate. Payment will be made in one lump sum which will be the present value of the payments that remain, using the interest rate we use to determine the payments.

Termination

When does your coverage under this supplement terminate?

Your coverage ends on the date you are no longer covered for life insurance under the group policy.

When does this supplement terminate?

This supplement will terminate on the earlier of:

- (1) the date we receive a written request from the policyholder to cancel the Accelerated Benefits Policy Rider; or
- (2) the date the group policy is terminated.

**ILLINOIS
LIFE AND HEALTH INSURANCE GUARANTY
ASSOCIATION LAW**

Residents of Illinois who purchase health insurance, life insurance, and annuities should know that the insurance companies licensed in Illinois to write these types of insurance are members of the Illinois Life and Health Insurance Guaranty Association. The purpose of this Guaranty Association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its policy obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the covered claims of policyholders that live in Illinois (and their payees, beneficiaries, and assignees) and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the Guaranty Association is not unlimited, however, as noted below.

DISCLAIMER

The Illinois Life and Health Insurance Guaranty Association provides coverage of claims under some types of policies if the insurer becomes impaired or insolvent. COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY. Even if coverage is provided, there are substantial limitations and exclusions. Coverage is generally conditioned on continued residence in Illinois. Other conditions may also preclude coverage.

You should not rely on availability of coverage under the Life and Health Insurance Guaranty Association Law when selecting an insurer. Your insurer and agent are prohibited by law from using the existence of the Association or its coverage to sell you an insurance policy.

The Illinois Life and Health Insurance Guaranty Association or the Illinois Department of Insurance will respond to any questions you may have which are not answered by this document. Policyholders with additional questions may contact:

The Illinois law that provides for this safety-net coverage is called the Illinois Life and Health Insurance Guaranty Association Law ("Law") [215 ILCS 5/531.01, et seq.]. The following contains a brief summary of the Law's coverages, exclusions, and limits. This summary does not cover all provisions, nor does it in any way change anyone's rights or obligations under the Law or the rights or obligations of the Guaranty Association. If you have obtained this document from an agent in connection with the purchase of a policy, you should be aware that its delivery to you does not guarantee that your policy is covered by the Guaranty Association.

COVERAGE

The Illinois Life and Health Insurance Guaranty Association provides coverage to policyholders that reside in Illinois for insurance issued by members of the Guaranty Association, including:

- life insurance, health insurance and annuity contracts;
- life, health or annuity certificates under direct group policies or contracts;
- unallocated annuity contracts; and
- contracts to furnish health care services issued by certain licensed entities. The beneficiaries, payees, or assignees of such persons are also protected, even if they live in another state.

EXCLUSIONS FROM COVERAGE

The Guaranty Association does not provide coverage for:

- any policy or portion of a policy for which the individual has assumed the risk;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate guarantees which exceed certain statutory limitations;
- certain unallocated annuity contracts issued to an employee benefit plan protected under the Pension Benefit Guaranty Corporation and any portion of a contract which is not issued to or in connection with a specific employee, union or association of natural persons benefit plan or a government lottery;
- any portion of a variable life insurance or variable annuity contract not guaranteed by an insurer; or
- any stop loss insurance.

In addition, persons are not protected by the Guaranty Association if:

- the Illinois Director of Insurance determines that, in the case of an insurer which is not domiciled in Illinois, the insurer's home state provides substantially similar protection to Illinois residents which will be provided in a timely manner; or
- their policy was issued by an organization which is not a member insurer of the Association.

LIMITS ON AMOUNT OF COVERAGE

The Law also limits the amount the Illinois Life and Health Insurance Guaranty Association is obligated to pay. The Guaranty Association's liability is limited to the lesser of either:

- the contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer, or
- with respect to any one life, regardless of the number of policies, contracts, or certificates:
 - in the case of life insurance, \$300,000 in death benefits but not more than \$100,000 in net cash surrender or withdrawal values;
 - in the case of health insurance, \$300,000 in health insurance benefits, including net cash surrender or withdrawal values; and
 - with respect to annuities, \$100,000 in the present value of annuity benefits, including net cash surrender or withdrawal values, and \$100,000 in the present value of annuity benefits for individuals participating in certain government retirement plans covered by an unallocated annuity contract. The limit for coverage of unallocated annuity contracts other than those issued to certain governmental retirement plans is \$5,000,000 in benefits per contract holder, regardless of the number of contracts.

However, in no event is the Guaranty Association liable for more than \$300,000 with respect to any one individual.
