

# FY11 Orthodontic Schedule of Benefits

(July 1, 2010 through June 30, 2011)

## Orthodontic Services

Beginning July 1, 2010, the lifetime maximum benefit for child orthodontics will be \$2,000. The amount of the benefit is based upon the length of treatment. This lifetime maximum applies to each plan participant regardless of the number of courses of treatment.

An annual plan deductible will be applied to the orthodontic benefit if it is the first dental claim processed for the plan year. The deductible for services incurred on or after July 1, 2010, will be \$125. The plan year deductible does not apply to 'Preventive' or 'Diagnostic' procedures listed on the Dental Schedule of Benefits.

## Orthodontic Limitations

- The course of treatment (initial banding) must begin before age 19.
- For covered orthodontic services contact the CompBenefits.

**Reimbursement of Benefit:** Twenty-five percent (25%) of the applicable maximum benefit, based on the length of treatment (see chart below), is reimbursed after the initial banding. The remaining benefit is prorated over the remaining length of treatment.

Length of Treatment	Maximum Benefit
0 – 36 months	\$2,000
0 – 18 months	\$1,820
0 – 12 months	\$1,040
