BRUCE RAUNER
GOVERNOR

Greetings!

As Governor of this great state, I welcome you to the 2016 Illinois State Fair! Over the next 10 days we will celebrate the very best our state has to offer.

I want to take a moment to thank you for your involvement in Illinois agriculture. Agriculture is the backbone of our state's economy and a staple of our community life. It is a billion-dollar industry in Illinois, and a proud tradition that the young men and women competing here today will inherit. The experience and knowledge you gain from raising champion livestock here at the Illinois State Fair will help shape your future, and in turn, our state's future.

I first learned the value and lessons of agriculture from my grandfather, who raised dairy cattle. At a young age he taught me how to milk a cow, ride a horse and shoot a rifle. Even more importantly, he taught me that through hard work and dedication you can accomplish anything you set out to do.

During your time here at the Illinois State Fair, while I'm sure you will make plenty of life-long memories, I hope you will also take a moment to learn something new about agriculture. Learn something new every day so you can help us educate the public about the importance of our state's number one industry. And have fun.

Best of luck to one and all at this year's Illinois State Fair.

Dear Exhibitor:

Welcome to the 2016 Illinois State Fair.

The fairgrounds are a second home to me, and so I am pleased to welcome you to the fairgrounds in Springfield. I like to tell people I've probably had every job on the fairgrounds. From scooping manure to selling burgers, I have been a part of every Illinois State Fair since 1956. I have fond memories of my experiences at the Illinois State Fair, and now as the head of the Illinois Department of Agriculture, I look forward to helping you create memories of your own.

This year we made great strides in continuing our quest to renew the fair's emphasis on agriculture. Shortly after the 2015 fair, we introduced new junior livestock age requirements that will allow more of Illinois' youth to participate in the competitive events here at the fair. With an active 4-H membership exhibitors as young as 8 may participate in livestock competitions this year. On the other end, young adults can participate in the junior livestock program until the age of 21 with an active Collegiate FFA or FFA Alumni membership.

I want to thank our partners at FFA, University of Illinois Extension, and the State Fair Advisory Board for their commitment to Illinois agriculture.

Speaking of a commitment to Illinois agriculture, this year's theme is "Producing Our Future." The next generation of Illinois agriculture is on display here at the Illinois State Fair. These young men and women are our future farmers, ranchers, producers; our next agri-business CEOs; and our next small business owners. I urge all of you to take this opportunity, this agricultural showcase, to share your knowledge about Illinois agriculture. Tell our fairgoers what it takes to raise blue ribbon livestock. Explain to fairgoers what you raise on your farm and how that product gets to the grocery store. Tell everyone you can why Illinois agriculture is important to you, and how this experience is shaping your future.

Thank you for all that you do to make Illinois agriculture what it is today! Together we will continue to forge an industry that our state can be proud of for generations to come.

Sincerely,

1. **ENTRIES AND ENTRY FEES** - All entry fees, except Championship Stakes are due and must be paid before numbers are assigned. Horses or ponies must be declared and entry fees paid for Championship Stakes on or before the day the particular stake is listed in the schedule to show. All horses or ponies shown and judged in any one class of their respective division are eligible to show in the Stakes but SHOULD BE ENTERED IN THE STAKE AT THE TIME OF MAKING ENTRIES.

ILLINOIS RESIDENT CLASSES, LAND OF LINCOLN CLASSES, FUTURITY CLASSES, UPHA CLASSICS AND AHHS MEDALLION CLASSES WILL QUALIFY AN ENTRY FOR THE STAKES IN THEIR RESPECTIVE DIVISIONS.

All exhibitors, when in the ring, must wear or have attached to vehicle, proper number corresponding with number of entry in Horse Show Program.

Name of horse or pony must be given in making entry. "ENTRY" will not be accepted. **Substitutions and class changes will be allowed up to one hour before starting time of the session containing said class.**

Entry blanks must be filled out completely showing registered name of the animal to be exhibited. Registration number, age, date of birth, sire and dam of Futurity entries must be given. Every animal shall be entered and exhibited in the name of the bona fide owner or his agent at the time of entry.

Exhibitors should make entries with the distinct understanding that their stock must be brought to the arena for judging and for exhibition purposes or parades at the request of the Management. Exhibitors are requested to be ready with their horses or ponies at least fifteen minutes before the time appointed for showing them as arranged in the official schedule. Exhibitors must submit their animals for examination by the Official Veterinarian when ordered to do so by Show Management.

DRUG TESTING REQUIREMENTS

Illinois Department of Agriculture personnel are authorized to collect blood, urine, milk, tissue or other samples from any animal being exhibited to test for the presence of any substances, practices or other adulterants which may give the animal a competitive advantage. As a condition of entry, all exhibitors shall sign a statement of ethical conduct.

Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally any medication, including prescription and non-prescription, unless prior written authorization is received from the State Veterinarian's Office. Any medication or drug administered without authorization or in an unauthorized dosage constitutes a violation of this requirement.

Notwithstanding the above, as a condition of entry in an Illinois State Fair event, all exhibitors agree to cooperate fully with testing protocols including ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. It is a violation of this requirement if the test results indicate 1) the presence of a substance, practice or other adulterant that could give an animal a competitive advantage, and/or 2) the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department.

Non-market animals are deemed not to have violated this Requirement concerning competitive advantage if the drug was given under a current veterinarian's prescription for the animal and was prescribed for a therapeutic reason. Notwithstanding the previous sentence, animals must still comply with breed specific requirements regarding drug usage. A copy of such prescription must be shown to Department personnel at the time of collection. If not shown at time of collection, such drug use will be deemed a violation of this requirement and proof of a prescription at a later time will not be a defense.

Market animals are deemed to violate allowable slaughter residue levels if the test "positive" (not a quantitative test) for any drug that has not been approved by the Federal Food and Drug Administration for such type of animal. The fact that a drug exceeded its estimated withdrawal time or was prescribed will not be a defense to a violation of this Requirement concerning slaughter eligibility.

Any animal drug tested at the Illinois State Fair is subject to be detained at the expense of the Exhibitor by Fair Officials until the Fair Officials receive final test results. After any preliminary positive test results are confirmed by a gas chromatograph/mass spectrometer tests, the results may be made public.

If a dispute regarding the test results occurs, a portion of the referee sample, upon written request to the Department, may be sent in a manner mutually agreed to by the parties for laboratory testing and analysis at a facility mutually agreed to by the exhibitor and the Department. The referee sample will be split in the presence of the parties or their representative. The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the referee sample are the responsibility of the exhibitor.

If an animal is determined to be in violation of this requirement, then the exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits received at the Illinois State Fair concerning such animal.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture, pursuant to the administrative law rule. However, any request to have the referee sample tested must be made, the test must be performed and the test results determined all prior to the hearing.

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal's condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

Proper testing may require animals to be detained temporarily and may delay awarding of premium checks.

As soon as possible after the protest is registered, the animal in question will be measured by the Official Veterinarian and the Steward. If said animal exceeds the specified height for the class in which it was shown, all premiums, ribbons and trophies must be returned to the Show Management immediately after notification of the findings and the protest fee will be returned to the person who entered the protest.
