WHEREAS, as Illinois continues to respond to the public health disaster caused by Coronavirus Disease 2019 (COVID-19), a novel severe acute respiratory illness that spreads rapidly through respiratory transmissions, the burden on residents, healthcare providers, first responders, and governments throughout the State has been unprecedented; and,

WHEREAS, protecting the health and safety of Illinoisans is among the most important functions of State government; and,

WHEREAS, the Delta variant may cause more severe disease than prior strains of the virus; and,

WHEREAS, the Omicron variant is more transmissible than prior variants and has led to significant increases in the number of COVID-19 cases; and,

WHEREAS, social distancing, face coverings, and other public health precautions have proven to be critical in slowing and stopping the spread of COVID-19; and,

WHEREAS, public health guidance advises that minimizing physical interactions between people who are not fully vaccinated and who do not reside in the same household is critical to slowing the spread of COVID-19; and,

WHEREAS, the CDC continues to advise that cloth face coverings or masks protect persons who are not fully vaccinated from COVID-19; and,

WHEREAS, many executive agencies in the State continue to focus their limited resources on the ongoing response to the COVID-19 pandemic; and,

WHEREAS, IDOA regulates and investigates many other industries that have been directly impacted by the COVID-19 pandemic including, but not limited to, pesticide applicators, animal shelters, pet shops, and gas stations, and the continued, proper regulation of these industries requires IDOA to commit additional time and resources into creating new procedures for conducting remote investigations and trainings; and,

WHEREAS, the COVID-19 pandemic's detrimental impact to IDOA's regulated industries has required IDOA to place additional time and resources into organizing and managing the timely implementation of the Business Interruption Grant Program; and,
